

### **Spencer Wigley**

I currently have two children at Howley Grange and my oldest son left two years ago. Howley Grange has always had an excellent reputation and delivered a high standard of education. As a Parent Governor, I'd like to give my help to make sure Howley Grange continues giving our children the best start in life.

I work as a Plumbing Assessor for Stourbridge College, looking after age 16+ apprentices. Doing this job has really shown me how important it is to give our children the highest standard in infant and junior school education.

### **Chris Holmes**

Having a child in Year 6 and a child in Year 2, I feel I have a good understanding of the School's vision in supporting its pupils. Also living in the immediate school area, I can appreciate the positive impact the school can have on the local community. I would like the opportunity to support the school in ensuring it continues to be a great place for our children to be educated, and also push forward to constantly improve its working relationship with the children, their parents and the local area.

### **Amanda Nash**

I work for HSBC and have done so for 22 years, both within business areas and, for the last 10 years, IT.

I have an 8 year old son in Year 4 and have been a Governor at Howley Grange for the last 4 years. I also live in the community and am committed to maintaining the high standards Howley Grange sets, exhibits and continues to aspire to.

### **David Bolton**

I have a long connection with Howley Grange School, having been a former pupil and now having two children attending the school, one in Year 3 and the other in Year 1.

I would like to become more involved with the running of the school in order to contribute in more detail to the education of my children and the development of others.

I believe children should be happy, confident and engaged in their education and that the school should have resources at its disposal to encourage different ways of learning so that all children can reach their full potential.
